Instructor: Mike Kohler, Elevate Training Coordinator

When do many organizations think about developing a crisis communication plan? Immediately after they've had a crisis. The best time to prepare for worst-case scenarios is right now.

Participants in this workshop will learn:

- The fundamental policies and procedures to have in place for any kind of disaster situation.
- How to address loss of business ... and even loss of life.
- What your entire workforce expects from leadership in a crisis and what it takes to meet those expectations.

Free parking in the Civic Center Garage on Mason. Bring your ticket to the workshop for validation.
