Skill Assessment Tests and Study Programs Available at the Larimer County Workforce Center

Prove It! Assessments

ProveIt! offers assessments for hundreds of skills and behavioral attitudes for jobs in clerical, software, technical, call center, industrial, finance, legal, medical and more. These tests offer immediate results that allow you to determine areas of strength. It will also show you the areas that need some brushing-up before you are ready to put yourself before employers. If you would like to see the complete list of over 1,000 assessments before choosing where to focus your efforts, just ask!

Prove It! can be accessed online, from any internet connection. To request a session ID please visit www.larimerworkforce.org or call us at (970) 498-6600. Then you may work at your own pace from home or at the LCWC computer lab.

Prove It! Tutorials

ProveIt! offers tutorials in all Microsoft applications: Windows, Windows XP, Word, Excel, PowerPoint, Access, Outlook, Peachtree, QuickBooks, Internet Explorer, and more. Let us set you up with online access to these powerful study tools. You can learn in our lab, with staff there to assist you, or work from home. Or maybe you'd like some of each? No problem. Our goal is to help you prepare yourself for employment in the changing economy of Northern Colorado.

Just like the Prove It! Assessments, Prove It! Tutorials can be accessed online, from any internet connection. Just visit www.larimerworkforce.org or call us at (970) 498-6600. Then you may work at your own pace from home or here in our computer lab.
